

Permanent Magnet AC Synchronous Motors

State-of-the-art Vari-Hertz[®] permanent magnet AC synchronous motors eliminate the need for external feedback devices for perfect speed control.

THE **WELCO ADVANTAGE** SAVES YOU MONEY THROUGH:

- ◆ Reduced power consumption
- ◆ Lower current consumption
- ◆ Reduced PWM drive size
- ◆ Elimination of peripherals such as gears, pulleys, and speed feedback devices

WELCO
TECHNOLOGIES

THE **WELCO ADVANTAGE**

GIVES YOU THE TECHNICAL EDGE:

- ◆ When two or more units of operating equipment must be synchronized
- ◆ Precise speed control open loop, even though voltage, temperature and load constantly fluctuate
